

# Apple Watch® is Here!

Need to quickly check your balance or last few transactions?  
Now you can do just that with your Progressive Bank **PB Mobile** app and your **Apple Watch**. With your **Apple Watch** you can:

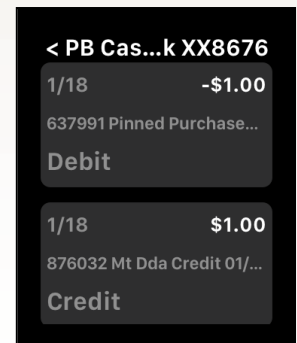

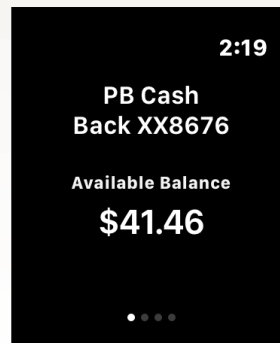

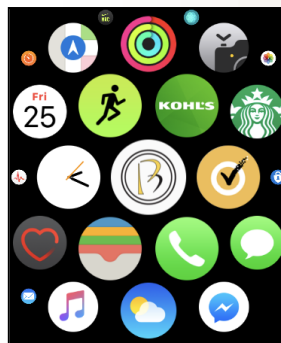

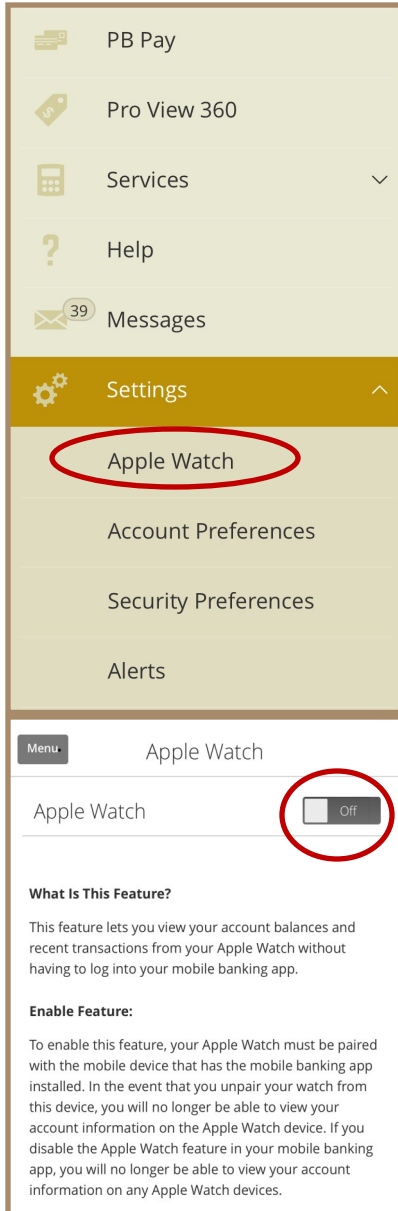

- View **Balances** in up to 10 Accounts
- View **10 Most Recent Transactions** for each account
- Use your **Apple Watch** for purchases through **Apple Pay**®\*
- And, once you've enabled your watch, there's no need to sign on to your app to view your account info

## How to Enable

- Log in to your **PB Mobile** app on your iPhone®
- From the Menu, access **Apple Watch** from the **Settings** drop-down
- Toggle from **Off** to **On**
- **Please Note:** To view your account information, your **Apple Watch** must be PAIRED with your iPhone where your **PB Mobile** app is installed.

## How to Use

- To view **Account Balances**, swipe *left* or *right*
- To view **Transactions**, tap your Watch screen and swipe *up* or *down* to scroll through your transaction list. The **Back** option returns to your **Account List**
- To make a purchase with **Apple Pay**, simply double-click the side button on your watch and hold your watch display near the **Apple Pay** reader until you feel a gentle tap. If you need to choose **Credit** or **Debit** on the terminal, choose **Credit**.
